

Setting connection for Windows Vista

Reference from Microsoft Support site: http://windowshelp.microsoft.com/Windows/en-US/Help/f573e922-3dde-baac-69ef-a115548a83411033.mspx

The Connect to the Internet wizard will guide you through the steps of setting up a Pointto-Point Protocol over Ethernet (PPPoE) Internet connection.

- Open the Connect to the Internet wizard by clicking the Start - Control Panel - Network and Internet -Network and Sharing Center - Set up a connection or network - Connect to the Internet.
- 1. Buka Connect to the Internet wizard dengan cara klik Start - Control Panel - Network and Internet - Network and Sharing Center - Set up a connection or network -Connect to the Internet.

- 2. On the left Network Task Column, click on Create a new connection.
- 2. Pada halaman How do you want to connect?, silahkan pilih Broadband (PPPoE).

З.

- 3. On the How do you want to connect? please select Broadband (PPPoE).
- Silahkan mengikuti langkah-langkah dari wizard tersebut.
